

Great news Atlanta Tennis players . . .

T2Tennis and Ultimate Tennis have merged to deliver you a bigger and better league service.

Each season rather than running two smaller competing leagues we will be jointly running one **SUPER LEAGUE** hosted at either T2Tennis or Ultimate Tennis. Regardless of which league is hosting your event you can be assured that we'll provide you with the same great service.

We expect the benefits of **SUPER LEAGUES** to be dramatic.

- More Players and divisions in your area
- Large number of new players
- Shorter Drive times to your matches

2013 Summer Events

- T2Tennis will host: (Adult Doubles and Juniors)
- Ultimate Tennis will host: (Mixed Doubles)

FAQ's - Transitioning to Ultimate Tennis (UT)

I've never played UT, how do I get registered?

If you or your partner are new to UT follow these steps:

- Go to UltimateTennis.com and create a player profile for each member that is new to UT.
- Once you have created a profile click the register button and sign up for your desired event.
- If you need help or have questions regarding a UT event email us at: customer.service@ultimatetennis.com

I have both a T2 profile and a Ultimate Tennis profile - which do I use?

You will continue to use both - Login with your T2 profile at T2Tennis.com and use your Ultimate Tennis profile at UltimateTennis.com

My UT profile is old and my skill level has changed

If you have not played UT in several years and your skill level has changed then you should contact UT customer service about having your skill level adjusted for the upcoming season. You can reach UT customer service at:

customer.service@ultimatetennis.com

Will my T2 skill level / rating affect my UT level?

At this point both leagues are run separately and your scores, rating and skill level will not be affected by the other league.

What does "hosting" the league on a different site mean?

In the past the same league was run by both companies during the same season. This summer, we will only host each league event on one of our websites thereby creating one giant Super League.

Do both leagues operate the same way?

Both leagues are very similar but use slightly different scoring and ratings systems. However your matches are set up, scheduled and reported using the same flex league system. Additionally, over the course of the next few seasons we will work to unify the league rules and procedures in order to provide consistency.
